WINE ESTATE OF THE YEAR

The Brunetti estate is a farming business situated in the small village of Collemezzano, which belongs to Cecina district of Livorno.

Spread across some 25 hectares of land, the fields of the Brunetti estate are used to grow orchards, olive trees and vineyards. The grape harvest begins in September, depending on which variety of wine is to be made. The grapes are picked by hand before being collected and taken straight into the wine cellars. The winemaking process is carried out with the utmost care and attention by experts in viticulture and Luigi Brunetti, estate owner and winegrower. The wine is made from grapes of the highest quality with a unique flavour that comes from growing close to the sea in the warm, dry climate of Tuscany.
