EVENTS: REALISE THE UNUSUAL

A particular highlight of this hotel is that it has the second-largest ballroom in the city: it is level, 808 sq. m large and can be divided into four sections. The ballroom is also ideal for use as an exhibition space. For example, it has its own foyer for catering services and can also be accessed by car.

On the 12th floor of the hotel there is a prominent event location – in the most literal sense of the word. The event rooms there offer an impressive panoramic view across the city and Cologne cathedral. The bar at LAB12 can be used for receptions, breaks or celebrations. Additional rooms are available on the 2nd and 4th floors, some of which have access to a private terrace.

CODE-COMPLIANT CONFERENCES

In addition to a high level of quality, the hotel also offers expert advice in the design of code-compliant events. Selected employees have been trained in accordance with the criteria laid down by the FSA and AKG codes of conduct.
